TR-BPF-01

PACKAGING OPTIONS

standard	unpacked, bundled in 50 pcs – address of the party placing the product on the market can be printed directly onto the paper leaf
paper band	band around the fan, printable in full colour over the entire surface – NEW
polybag	individually bagged with an address sticker where printing on the leaf is not possible

Note: if your company's address or that of your customer is printed on the fan, that company places the product on the market under its own name and thereby becomes the responsible person within the meaning of Art. 16 GPSR. Your supplier provides the corresponding technical documentation in this case.

SAFETY INFORMATION

- Not a toy. Not suitable for children under 3 years.
- Keep away from fire and open flames.
- Not intended for contact with food.
- Store in a dry place. The paper leaf is not waterproof.

PRODUCT MATERIALS

COMPONENT	MATERIAL
Ribs / handle	Bamboo
Leaf	Paper

COMPLIANCE & DOCUMENTATION

GPSR (EU) 2023/988	Compliant with the EU General Product Safety Regulation; technical documentation on request
REACH (EG) 1907/2006	SVHC screening in line with the current candidate list
EUDR (EU) 2023/1115	Supplier declaration for bamboo and paper components; raw materials do not originate from land deforested after 31 Dec 2020

MATERIAL-RELATED SUSTAINABILITY INFORMATION

- Handle and ribs are made of bamboo, the leaf of paper – the product contains no plastic.
- A supplier declaration under the EUDR is held for the bamboo and paper components.
- The fan works without electricity or batteries and is reusable.
- The standard delivery is without a polybag, bundled in 50 pieces; a paper band is available as individual packaging.

ARTWORK REQUIREMENTS

File format	Vector files (AI, EPS, PDF/X), images at least 300 dpi
Colour space	CMYK, spot colours to Pantone C on request
Bleed	3 mm all round, die-cut contour on a separate layer
Artwork template	artwork template on request
Approval	digital layout for approval before production starts

Examples: paper band with importer details – front and back

PACKAGING MATERIALS

COMPONENT	MATERIAL	WEIGHT
Outer carton	Cardboard	approx. 14 kg (500 pcs)
Bundling	Paper band	
Individual packaging (optional)	Polybag, PE	

Production note: During manufacture the leaf passes through three cutting steps, which can cause slight deviations in the design of up to 1 cm. Graphics close to the edges are affected most. Despite the greatest care these tolerances cannot be avoided entirely; we keep them as small as possible.

Important note: We always recommend a physical pre-production sample, as the result can vary considerably depending on the decoration method, the base material used for decoration and similar factors. Please contact your supplier if a sample is to be produced for approval. Please note that every production run is an individual custom manufacture. Reference samples and earlier production runs may therefore differ slightly – stock goods are never decorated.

As of: 03.09.2026 · Version 1.5 · All information provided to the best of our knowledge; technical changes and production-related deviations in dimensions and colour reserved – with natural materials these do not constitute a defect.
Details of the responsible person pursuant to Art. 16 GPSR and the technical documentation for this product are available from your supplier.
